

AGENCIES IN LAMBETH  
recently inspected by the  
Commission for Social Care Inspection

May 2007 - DASL

## **Agencies In Lambeth recently inspected by the Commission for Social Care Inspection**

Agency staff can be one alternative for you if you need to cover for staff quickly who are off sick (or because of an emergency), giving you little or no notice. A better alternative is to have Personal Assistants/Carers on standby, employed directly by you with Direct Payments, who are available to be called should you need staff cover at short notice.

However you may also want to register with a local agency who will be able to cover your staffing needs in these situations. Here is a list of agencies in Lambeth many of which supply personal assistants/care workers. We advise you, in the first instance, to phone any agency you are interested in, to explore if they are in a position to supply you with appropriate standby staff to meet your needs.

After calling them you may want to see a copy of the results of their CSCI inspection. You can ring the *Commission for Social Care Inspection (CSCI)* on 0845-015-0120 or 0191-233-3323 and ask them to post you a printed copy of the agency's inspection.

Please be aware that the first 10 inspection reports that you order in any single year (April to April) are free. After that reports cost £5 each. However an unlimited number are always available free of charge as downloadable 'PDF' files from the CSCI website at <http://www.csci.org.uk/> . To find a particular inspection report click on 'Find a Care Home or Service', then 'Advanced Search', then 'Nurses Agency' or 'Domiciliary Care Agencies'. Then at Step 1 chose 'Lambeth' and then 'Submit'. Then click on a particular agency and click 'View/Download Report'.

Of course there are many other agencies in London, which you are welcome to approach. This list only covers those agencies within Lambeth. This list is an information resource and the fact that an agency is on this list does not mean that they are recommended by DASL.

If you have any questions about this or any other aspect of Direct Payments please contact
